## Sports 體育

## Dramas 話劇

由外籍老師編著的英文話劇，建立學生的自信和發揮演藝才能。  
NET teachers directed the drama programme to enhance students' confidence in acting and articulation.

We aim to provide our students with as many sports activities as possible. Apart from numerous competitions, one of the most important events is Sports Day, where students can showcase their talents, determination and excellence.

多元化的體育活動，讓同學盡情發揮潛能，不斷超越自己，做到最好。

## Music 音樂

In our music clubs, our students can develop their musical talents by singing and playing various musical instruments, such as the harp, piano, guitar and drums. Throughout the school year, pupils join various competitions and showcase their hard work to the public. Last year the harp and pop music teams won Gold and Silver Awards in the Joint School Music Competition.

學校有不同的音樂班，包括唱歌、豎琴、鋼琴、吉他、鼓類等。學生也會參加各種大型音樂演出，其中流行音樂組及豎琴隊代表學校參加聯校音樂大賽，榮獲金獎和銀獎。

## Amazing campus 精彩校園

Various cultural exchange activities broaden students' international horizons and build a multicultural and harmonious campus.

各類文化交流活動，開拓學生國際視野，建立多元文化和諧校園。

# Nature education 自然教育

Learning to take care of animals and plants can have a wonderful impact on students. Learning and taking care of the environment boosts students' mental health. Additionally, being responsible for the school garden and animals, students are able to feel a sense of ownership, as well as improve their communication skills. This is why we provide numerous opportunities for our students to interact with nature both on and off campus.

大自然散發出獨有的生命力，透過學習照顧這些植物和小生命，不但培養學生的正向思維和心靈韌性，也讓學生精神壓力得到舒緩，從中獲得幸福感與身心靈健康。學校期望透過園藝治療活動，改善同學的情緒、人際關係及專注力。
